

## Message for K-2 Families

Dear K-2 Families,

To further support student learning at this time, some students in K-2 will be bringing home a small pack of readers today. This will assist students to continue to practice their reading skills. Students are also encouraged to read a variety of picture books and if appropriate, chapter books as well. A great way to support your child's reading is to also read to your child as this helps their vocabulary to grow, models how a great reader reads as well as helps develop a love of reading.

Kind Regards,

Fiona Gibb

Relieving Assistant Principal K-2 Hub
