

The LLV sustainability garden.
Together, what can we grow?

With Covid keeping us off school grounds for so long you won't have seen that the new LLV Sustainability garden is built and looking fantastic in our main playground.

However, we now need some help to bring the garden to life! Our garden needs chickens (and they need a coop), native bees (and a hive) and lots more plants.

We're asking our wonderful LLV family community to help by buying a chook, a bee or a plant to donate. Simply visit the FOTV website <https://shop.fotv.org.au/collections/sustainability-garden> and donate some bees for \$10, some plants for \$25 or a chicken for \$50 (or maybe all of the above!).

Our kids are going to love learning, working and growing in this garden.

Thank you in advance for your support!

Your Friends of the Village
