

Dear Parents,

All Communication Matters Speech Pathology, in conjunction with Lindfield Learning Village are pleased to offer a Kindergarten Screening of your child's overall communication. This involves a Speech Pathologist screening your child's understanding and expression of language, articulation (production of speech sounds), social skills, voice quality and fluency of speech. All these skills are necessary for success both inside and outside the school environment. The screening is approximately 15 minutes in duration and the fee is \$60 which includes a summary of your child's skills in these areas. If any difficulties are identified in the screening, further assessment may be needed. However, if a full assessment is required, then 50% of the cost of screening will be deducted from the assessment fee when undertaken within 6 months of the screener.

We will be conducting face to face screening at the school on Friday 29th January, 2021. Screening will be done during school hours and we will contact you via email to advise an appointment time. Due to COVID19 considerations we are also offering online screening in the school holidays prior to Kindergarten commencing (if preferred) using the online platform Zoom. (Further details including Zoom download information will be provided once your online screening is booked).

If you would like your child to be screened, please complete the form below ensuring all details are **clearly written or typed**, and return NO LATER THAN **Friday 11th December 2020** via email to admin@allcommunication.com.au – (see over page for Tips to completing the document electronically, no printing required)
