Menu of opportunities ...

At Lindfield Learning Village we value the opportunity to collaborate and share with other learners.

We invite you to choose the menu items which best suit your needs so that we can create a valuable learning experience for you and your team.

Our pricing enables us to cover costs involved in providing the right people to share the learning from our journey with you.

Please contact us for more information or to discuss bespoke options.

# Learning Module Options

## Option 1: Immersion

Our immersion experience begins with a *Walk and Talk Tour* followed by a deep immersion in a learning space. Observe - be curious - ask your hairy audacious questions. Your experience concludes with a coffee and debrief with the educators.

## Option 2: Timetable & logistics

In this option, we share our insights into how to flex the inflexible! Timetable, curriculum and all things NESAs.

## Option 3: Human-centred design

How might you design learning with the individual at the centre? Learn about new ways to approach professional learning in your school and how we ensure wellbeing is at the heart through collaborative and proactive solutions.

## Option 4: Teaching what matters

We will introduce you to our Learning Characteristics Wheel and rubrics, the student learning journey and 'Beyond'. These are things that go beyond the curriculum but cover the learning that really matters.

## Option 5: The Technology Trifecta

This module explores the technology behind the learning - CANVAS, Octopus and Sentral. We will look at how learning design meets authentic assessment and live and continuous reporting.

## Option 6: Collaborative pedagogy and practice

Gain insight into transdisciplinary learning design, pedagogical modes, collaborative practice and co-teaching in flexible learning spaces. This module hits the detail of the "how" when it comes to future focused learning.

## **Main**
