

Lindfield Learning Village Travel Access Guide

2022

Lindfield Learning Village is a new state school in New South Wales. Our innovative educational model is designed to create independent, resilient learners who possess the learning dispositions required for success in their life within and beyond school. We want to promote safe, sustainable and healthy ways to access LLV and this guide provides a summary of your public transport options.

Using public transport to get to LLV

B

School buses and public buses

- 565 Chatswood to Macquarie University service travels from Lindfield and Roseville Stations to the bus stop outside LLV.
- Stand a few steps back from the edge of the road when waiting for the bus.
- Make sure to hail the driver.
- Let passengers off the bus before you board.
- Stand for adults if the bus is full.

T

Trains

- Roseville Station is 2.1km from the school (25 minute walk).
- Lindfield Station is 2.2km from the school (27 minute walk).

Apply for a School Opal Card | School Term Bus Pass

- Many school students are entitled to **free travel** on public transport between home and school.
- A Child/ Youth Opal Card entitles school students to half price travel on public transport in Sydney and surrounds.
- More information is available here: <https://apps.transport.nsw.gov.au/ssts/#/>

Message from your Principal

Part of our Purpose at Lindfield Learning Village is to seamlessly integrate wellbeing strategies into the daily lives of students and staff at LLV. We are therefore committed to providing students with safe, easy and sustainable ways of getting to and from school.

LLV can be accessed by bus, which provides connections to train services at Lindfield, Roseville and Chatswood Stations. With a dedicated school bus stop directly adjacent to the school, travelling to and from LLV by public transport provides students a safe travel option to socialise with their friends, to gain independence as well as resulting in less reliance on parents and carers to drop-off and pick-up by car.

We are continuing to work with Transport for NSW with regard to bus services, and the more students catching the bus, the more services will improve.

Kiss and drop (K&D)

- The K&D zone is located adjacent to the southern side of the school.
- Vehicles turnaround using the loop at the end of the access road before entering the waiting area.
- License plate recognition technology is used to register cars that enter the K&D zone and processes which student it is associated with for pick up, to provide a safe environment.
- The K&D zone operates between 8.20 to 8.50am and 3.10 to 3.30pm and is supervised by staff.
- Car pooling with other students is a great way to minimise your journeys dropping-off and picking-up.

 - Walking catchments (5, 10, 15 and 20 mins)
 - Refuge crossing

Something broken on the way to school?

Use the Snap Send Solve app or website to report issues to the people who can fix them.

Things like abandoned trolleys, broken footpaths or water leaks can all be reported in the app.

Download it today from the App Store or Google Play. Or visit www.snapsendsolve.com

Tap on and tap off every time

Use your School Opal card every time you catch public transport to school. It tells us how many people are using public transport to help us plan buses, trains and ferries to suit you.
